

## PIMPLES DISAPPEAR.

New Healing Agent Makes Quick Work of Them.

The dispensers of posam, the new skin discovery, ask that notice be given that no one is urged to purchase the package which will be sent free to any one who writes to the Emergency Laboratories, 32 West 25th Street, New York. This alone is sufficient to clear the complexion and to rid the face of pimples. Every one who has tried posam knows that the fifty-cent box on sale at Lee & Osgood's and Smith's Drug Store in Norwich, the Larue Drug Store in Putnam, Woodward Drug Store in Danbury, and Chesbro Drug Store in Willimantic, contains sufficient for the worst cases of eczema, where the surface affected is not too large. The itching ceases on first application. It will also cure acne, freckles, blotches, scaly scalp, hives, barbers' and every other form of itch, including itching feet. Being flesh-colored and containing no grease, the presence of posam on exposed surfaces, such as the face and hands, is not perceptible. Water and soap cannot be used in connection with it, as these irritate and prolong skin troubles, sometimes even causing them.

## Soldier Fined.

In the city court on Monday morning Thomas Rochelle, the soldier who was arrested Sunday, was fined \$10 and costs, amounting to \$27.92, and he was still in a cell on Monday night.

## A WOMAN'S BACK

The Aches and Pains Will Disappear If the Advice of This Norwich Citizen is Followed.

A woman's back has many aches and pains. Most times 'tis the kidneys' fault. Backache is really kidney ache; That's why Doan's Kidney Pills cure it. Many Norwich women know this. Read what one has to say about it: Mrs. Oscar Bjork, 159 Mt. Pleasant Street, Norwich, Conn., says: "I found splendid results from the use of Doan's Kidney Pills and therefore do not hesitate to recommend them. For some time I was greatly annoyed by backache, and when I first arose in the morning the pain in my loins was always more severe. Often if I lay down my back became so lame and painful that I was scarcely able to arise. My mother told me that my suffering was due to my kidneys being at fault, and learning of Doan's Kidney Pills I went to N. D. Smith & Son's drug store and procured a box. They proved to be just what I required and in a short time the pain and lameness had disappeared. In fact, I felt better in every way. Doan's Kidney Pills fully carry out all claims made for them."

For sale by all dealers. Price 50c. Foster-McBurn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

## Boys Sentenced to Reform School

Joseph Dombrowski and Bennie Petrofski will go to Meriden today until they are 21—Judge Brown Urges Parents to Give Children Better Care.

In the city court on Monday morning Joseph Dombrowski and Bennie Petrofski, both aged 7, were presented for setting fire to the paintshop of the New Haven road on Sunday. Policeman Irish had seen them running away from the vicinity of the building and later they admitted that they had started the fire. They also told of starting a fire in Durkee lane, but said they became frightened and put it out. It is stated that they had admitted they intended to burn a barn. They were little concerned about the court procedure and took little interest in it. After the facts had been given to the court, Judge Brown sentenced them to the state school for boys at Meriden until they are 21 years of age. The parents of the Petrofski had come to see him on Monday, but not until evening did the father of the Dombrowski boy visit him. They will be taken away today by Policeman Henderson.

At the time he sentenced the boys, Judge Brown made the following statement: "I feel it a duty this morning to emphasize what I said in court a few mornings since in relation to parents and guardians allowing their young children to go alone to the cheap shows. We have here in court this morning two boys scarcely old enough to be loosed from their mothers' apron strings, charged with, and undoubtedly guilty of, the crime of arson, which if committed by a responsible person and proved, would commit them to state prison. What a serious crime! When a crime is committed and the prosecutor is trying to fasten the crime upon the accused, he seeks the motive for the commission of the offense. Sometimes it is revenge, at other times it is for gain. So it must be always that there is some motive for the act. These boys confessed in this crime charged against them, the firing of these premises. What was their motive? What prompted their act? We say at once it can't be with any desire for gain, nor can it be for revenge, for they are of so tender years and it is apparent at once that such cannot be the case."

Something has prompted these 7-year-old children to commit this awful crime. What is it? Were they told to do this by their parents or any other person? No. They confess to me that they got this idea from some of the pictures they had seen at the cheap boys had attended. It is quite probable, except for this, such things would never have entered their minds. The formative mind of the young child is wonderfully impressive. Here we

have positive proof of this. It is simply impossible that children of this age and up to 16 years or more should be uninfluenced by what they see and hear. These children were moved towards incendiarism by these pictures they have seen and the boy or girl might be moved by the pictures he sees to commit robbery or the wrecking of a train. Their thoughts cannot help frequently being turned to that which is lewd and dissolute by the improper pictures too often seen by them. The trouble is, that many times the pictures shown are highly improper for the immature mind of the child. No parent should allow the child to attend these shows unless they accompany them, and then only in the daytime. Then they would be able to see whether the pictures shown are proper for the child. I feel sure that many a child in this city has been started on a course of crime and ruined by shows which have not been properly conducted. These precious boys and girls are worth saving; they are worth too much to be lost. We ought not to sit with our hands folded and allow criminals to be turned out on to society and do nothing to remedy it. Let me say to parents, that it is my belief that there is nothing in our city today that is doing so much for the ruin of our youth as the condition that now exists here in this respect. Do we need a curfew law? I say yes, if it can't be changed in any other way; but I believe there are other remedies. My remarks relate to improper shows. I suppose that good people will not condemn moving pictures which are proper to be shown, for they are pleasing and instructive, I am told. Who is to blame for the ruin of these two boys and the destruction of this valuable property? Primarily the parents for permitting these boys attendance at improper shows; next, the exhibitors of such pictures who have lost all moral conception of right and wrong; finally, every good citizen of this community for tolerating such a cursed thing. Let us have a reformation and save our youth."

## FUNDAMENTAL ERRORS IN CITY CHARTERS.

(Continued from Page Seven.) of exercising an influence much more potent than if it were to be measured by the single ballot she could cast to offset her husband's. The majority of women have no desire to assume the duties of public life, and can use their influence to see laws enforced more effectively without the ballot than with it. Thirdly, women could use their powers much more wisely and well and with a larger influence than in struggling for that which would be a burden, if secured.

School of Practical Politics. These were brief remarks by several on the subject and Mr. Smith announced that the next monthly meeting would be a school of practical politics, with morning and afternoon sessions. He spoke of the need of contributions and said that \$2,000 was needed for the year's work. There had been one contribution of \$150 and another of \$30 had bought a typewriter. A collection was taken, after which there was a violin solo by Mr. Neff, and the meeting closed with prayer by Rev. W. H. Eley, after Chairman Johnson had expressed appreciation to all who had participated in the programme.

## HUSBAND LOST WIFE WHO WAS FOUND IN NEW LONDON.

Family Was Leaving to Take Up Residence in New York, When They Became Separated.

On Monday evening Mr. and Mrs. Gusti Kakakelcick and children, who have been living opposite Greenville, started for the Greenville station to take the 7 o'clock train for New London, to go to New York, where their goods have been sent and where they are to live. One the way the wife, with baby in arms, stopped to bid a friend good-bye, and the husband, with two small boys, got somewhat ahead, and when they reached the station and had waited for some time for the wife and mother, there was consternation when she failed to appear. After visiting friends to locate her, Sergeant Connell was informed and Captain Linton accompanied with the facts. Starter Kinney at Franklin square stated that he had seen a woman and a baby in the waiting room, and about midnight it was learned they were in New London. She had evidently gone there by trolley, seeking her family, and had been aboard the New York boat. Each thought the other had deserted, and the police here were

## STATE Y. M. C. A. DAY.

Union Meeting to Be Held at Jewett City Which W. A. Morse Will Address.

Next Sunday is to be state Y. M. C. A. day, according to plans of State Secretary E. T. Bates of New Haven, when the work of the association is to be presented in as many towns as possible where there is not already an association. Chairman E. A. Prentice of the New London county committee has arranged for a union meeting Sunday evening at the Jewett City Congregational church, at which General Secretary W. A. Morse of this city will be the speaker and Mr. Prentice will speak briefly. In the southern end of the county, the arrangements for meetings are in charge of General Secretary Mansfield of the New London association. Chairman Prentice had not heard on Monday what arrangements had been made there.
